

RESOLUTION FOR ESTABLISHMENT OF COMMON CONSTRUCTION WAGE

#20060776

#20060907

to # 20060913

Whereas the Tippecanoe School Corporation has established a committee to determine the common construction wage of the county to serve as a minimum wage for construction projects in compliance with Indiana Code 5-16-7-1, the following information was received relative to the establishment of the common construction wage for the following projects:

New North Middle School
 New South Elementary School
 Portable Classrooms at Multiple Sites
 Academic Center at Harrison High School
 HVAC Renovation at Cole Elementary
 Athletic Concession/Storage Building Renovation at Harrison High School
 Baseball Concession/Restroom Building at Harrison High School
 Softball Concession/Restroom Building at McCutcheon High School

Be it further understood that said "Common Hourly Wage" includes any and all wage benefits to be provided as any form of compensation and/or consideration for work performed toward the projects listed. The determination for this consideration has been made after consideration of the listed information presented to the Committee at its scheduled public meeting on November 2, 2005. The established common construction wage (Common Hourly Wage) for each classification is attached and reflects the total compensation. Projects within the \$150,000 exemption provisions of IC 5-16-7-1 shall be excluded from the following established common construction wage.

Whereas the wage rates as set forth by the Committee are the minimum, they shall not prevent the Contractor or Sub-Contractor from paying a higher rate of wage.

Whereas the wage rates are established on the date signed, however, if the project is not awarded within 180 days, a new updated wage rate shall be established for projects as required under IC 5-16-7-1.

Whereas the following stipulation applies to the employment of apprentices: Apprentices will be permitted to work at less than the predetermined rate for the classification of work they perform when they are employed pursuant to and with the U.S. Department of Labor, Bureau of Apprenticeship and Training. Their wage rate will be their individual warranted percentage of their listed skilled classification common hourly wage rate. Apprentices shall be permitted to work only as the ratio to journeymen in the apprenticeship program standards state.

Adopted, November 2, 2005 at 21 Elston Road, Lafayette, Indiana.

Aye:

Nay:

We the undersigned common construction wage committee, appointed pursuant to Indiana Code 5-16-7, as amended in 1995, do hereby fix and determine the following common construction wage scales to apply on the: Tippecanoe School Corporation

Name of Awarding Agency

Project known as the:

New North Middle School.

New South Elementary School.

Portable Classrooms at Multiple Sites.

Academic Center at Harrison High School.

HVAC Renovation at Cole Elementary.

Athletic Concession/Storage Building Renovation at Harrison High School.

Baseball Concession/Restroom Building at Harrison High School.

Softball Concession/Restroom Building at McCutcheon High School

A. TYPE OF CONSTRUCTION

The common construction wage rates listed below are for the following type of construction work (**Mark One**):

- (X) Commercial Building
() Heavy/Highway

The wage rates under the column "Total Hourly Wages Rate" as set forth by the committee are the minimum wage rates to be paid and shall not prevent a contractor from paying a higher wage rate.

C. CLASSES OF OCCUPATIONS/TRADES

It is the committee's determination that semi-skilled and unskilled workers within the county are apprentices who are individually registered in a bona fide apprenticeship program as certified by the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training.

With the exception of laborers, the wage determinations for the classes of semiskilled and unskilled workers within the skilled trades represent the apprentice's progress in the apprentice program for that skilled classification in this wage scale as provided in the relevant apprentice program standards.

Where the committee has marked N/A under the classes of semiskilled and unskilled, it is the committee's determination that the common practice in the county is not to use a semi-skilled or unskilled designation with regard to that classification.

D. APPRENTICES

Apprentices are individuals employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training.

With the exception of laborers, the utilization of workers in the classes of semiskilled and unskilled, who have not been properly registered as apprentices within the meaning of the Bureau of Apprenticeship and Training regulations and the contract stipulations, is contrary to this wage scale. Such unindentured workers shall be entitled to receive compensation at the skilled rated for that classification.

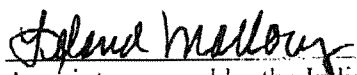

E. COMMON CONSTRUCTION WAGE AS A CONDITION OF THE CONTRACT

As required by Indiana Cod 5-16-7-1(h), it shall be a condition of a contract awarded for the above cited project that the successful bidder and all subcontractors shall comply strictly with the determination made by this common construction wage committee.

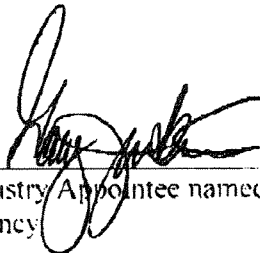

F. VERIFICATION OF THE CONTRACTOR'S SCHEDULE OF WAGES

As required by Indiana Code 5-16-7-2, before any contractor or subcontractor performs any work on the above cited project, each contractor and/or subcontractor must file (with the above cited awarding agency) a schedule of the wages showing the wages that it intends to pay to workers on the project.
